ANADP Alignment Opportunities: Overview

Kick-Off Talk at Aligning Digital Preservation across Nations Workshop (IDCC 2013)

Based on: Nancy Y. McGovern, ed., *Aligning National Approaches to Digital Preservation* (Atlanta, GA: Educopia Institute, 2012), pp. 320-327.

Six Original Tallinn Facets + Two Cliff Lynch Facets

1. Technical Alignment: Shared registries (e.g., COPTR), interoperable APIs, testbeds.
2. Organizational Alignment: Distributed preservation networks and cross-border audit.
3. Standards Alignment: Harmonizing OAIS, PREMIS, METS, and ISO 16363 implementation.
4. Legal Alignment: Navigating copyright exceptions, orphan works, and cross-border replication.
5. Education Alignment: Shared competency frameworks and curriculum exchange.
6. Economic Alignment: Sustainable cost models (4C Project, KRDS) and value articulation.
7. Advocacy & Outreach Alignment: Making the public case for digital stewardship.
8. Archival & Collecting Scope Alignment: Coordinating national and institutional mandates.
